

Word on the street about the North American Reciprocal Museum (NARM) Association is really spreading. It is easy to tell by how much email is received through the general NARM website – narmassociation.org. A total of **116** submissions have been received since mid-December, which is up from 59 the previous quarter!

The majority, **65** of the submissions, since December 15, 2013 were from institutions looking for more information about how to join NARM and 11 have joined us thus far! **Welcome!**

Several submissions were from new retirees just beginning to make their dream travel plans: “I just retired and will be traveling around the US. Interested in the reciprocal pass.” Others have written in searching for more information about the program: “I may upgrade my 6 year old grandsons Caboose Club membership. What are the benefits?”

And, every so often, fan mail arrives:

“My wife and I have been delighted with the benefits of the NARM program that we have received through the Albright Knox Art Museum in Buffalo. These benefits have definitely encouraged us to raise our level of support for this great institution. And, we have enjoyed traveling around the country and taking the opportunity to visit the collections of NARM member institutions... Again, this is a great program and a wonderful idea. It opens up a world of art to interested folks like my wife and I, when we might otherwise pass on by these gems. In fact, we take the NARM affiliation as an indication of merit and we have yet to be disappointed by what we have found in these great museums.” Thank you Maynard Lowry for these words of praise. Thank you NARM institutions for your valued participation!

Keep spreading the word!

Welcome New NARM Members!

More Sticker Talk...

Julia Ann Starke, Membership Program Coordinator at the Michael C. Carlos Museum has created these fabulous new sticker replicas if you prefer to print the image on your qualified NARM member cards! Thank you so much Julia Ann!

There have been several requests to allow one other alternative to the actual gold sticker or sticker replicas—simply printing of the letters “NARM” on qualified members cards. Would this be acceptable as an official identification? Would this cause you or your staff any problems in identifying qualified NARM members?

Please send an email to narmdirector@gmail.com and let me know your thoughts.

List Updates

State	Museum	Update
