

# What NARM number do you promote?

The North American Reciprocal Museum (NARM) Association continues to grow with **761 member institutions** at our mid-June quarterly update! We have museums, historical societies, gardens, planetariums, discovery centers and more!

Did you know that when a new institution joins the NARM Association it is immediately added to the website map on [narmassociation.org](http://narmassociation.org)? Click 'Member Map' from the 'Map & Lists' dropdown at the top of the page and scroll down past the category list to see the newest NARM Association members.

Also, there are two versions of the most up-to-date printable lists, updated each quarter,

available on the website. Click the 'Map & Lists' dropdown menu at the top of the Home page and select 'Four Page List' for the smallest list or 'Condensed List' for the 14 page list in a larger font.

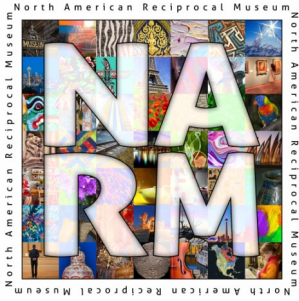

Does your website mention the number of NARM Association members your qualified members have access to across North America? Does it link to the new searchable map?

'Over 750' is a great number to promote!

## CLASSIFIEDS

In the March newsletter we asked if you were interested in promoting a traveling exhibition in the Staff pages of the NARM website. There was not much of a response for this type of page and the page has not been developed; however, we are still considering an additional Staff page where you can post items of interest.

Is there any interest in a Classifieds section where we can list a variety of items? If so, what items you would like to see in the Classifieds? Please email [narmdirector@gmail.com](mailto:narmdirector@gmail.com)
